Subject: Update on the VCDL Sponsord NPS Petition

Mr. Ivey,

I spoke with you a couple of weeks ago about the Virginia Citizen's Defense League petition for rule making to amend CFR 36 2.4. A good friend of mine from Johnstown, Pennsylvania has been working with us to get support for this effort. I will forward his email to Senator Santorum to you. The message has several attachments; I have scanned them with McAfee Virus Scan

Version 4.4.00, build 9.1.08, DAT file created 6/15/2005 and they scanned clean.

We can really use all the help we can get, and Senator Allen's support will be key.

Best regards,
